### **2. Approval of Minutes – January 15, 2010**

The Minutes of the January 15, 2010 meeting were approved as submitted.

### **3. Presentation and Update: Draft County Law Relative to Stormwater Management District**

Al Gatta led the discussion of the latest draft of the legislation (draft number 6) and summarized where we are at this point.

Highlights of the legislation are:

- Organization of districts and programs on a watershed basis.
- Watershed and Stormwater Advisory Boards would serve the County as advisors and recommend priorities for capital projects.
- Watershed and Stormwater Advisory Boards would be required to have a watershed-wide comprehensive plan and capital improvement program with funding priorities before any of the member municipalities would be eligible for County funding.
- Member municipalities would be required to have maintenance and repair funding in their annual operating budgets and commit to maintain stormwater facilities in their communities.
- The legislation would facilitate a local role in decision making in regard to County

- funding of capital projects. Final authority would rest with the County for a yes or no vote only, and would not allow substitute projects.
- The legislation would create a methodology for the County to establish stormwater fees to help pay for County funding of potential capital projects.

Chuck Strome will send a letter, a copy of the legislation and a copy of the annual report to each municipality's chief elected official and LISWIC representatives. In the letter, he will request that any comments on the law be submitted to his office no later than Friday, April 15<sup>th</sup>. The letter will also let the official know that LISWIC will not be collecting dues this year.

**4. Set the Next Meeting Date, Time and Place**

The next LISWIC meeting will be held on **Friday, April 23, 2010 at 8:45 AM** in Conference Room "D", on the first floor of the Mamaroneck Town Center.
